The official hosts for the occasion will be County Clerk and Auditor John T. Trauner and Miss Elma Hecker, county treasurer and tax collector.

The meetings will be highlighted by a banquet Wednesday night at the lodge dining room and the principal speaker will be State Controller Robert C. Kirkwood. He will be introduced by the master of ceremonies, Milton Possons, chief of the division of budgets and reports in the controller's office. Ross Price and his orchestra will provide music for the banquet and reception.

The delegates and their guests will be extended an official welcome by H. G. Loehr, chairman of the Nevada County Board of Supervisors.

Forest Fires 32, 33 Held Without Loss

Forest fires No. 32 and 33, both potentially dangerous, but both subdued by the Truckee suppression crew of the U. S. Forest Service, were reported during the past week.

No. 32 was started by a careless smoker an eighth of a mile west of Highway 89 near Alder Creek road at 11:30 a.m. Saturday. Only a small area was burned over.

A major conflagration was averted by a mere 10 minutes Saturday afternoon whan an abandoned campfire at the old Davis mill site, two miles from the Brockway shortcut on Martis Creek, started fire No. 33. The suppression crew arrived just before the incipient blaze, fanned by a brisk wind, was starting up the hill where control would have been difficult if not impossible.

To date, 17 of the 33 fires were started from lightning and 16 were man-caused, Henry Toccalini of the forest service reported.

Wolverines Win In 2nd Conference Game With Tigers

by JOHN FIRPO

The Douglas Tigers played their best game of the current season last Saturday at the annual Truckee-Tahoe homecoming game, but it was of little help as the powerful Wolverines won their fourth game of the season, 13-0.

It was the first conference win for the Mountain Men against one loss, that being at the hands of the Winnemucca Buckaroos, 22-0 here last Saturday.

If the Wolverines can win two of the remaining five games they will have set a record in this school for a team with their percentage over .500. This will will be the first Wolverines team that's been over .500 in a long time in football.

The Wolverines used their number one weapon last Saturday that being in the person of Quarterback Craig Robinson, who completed eight out of eight passes in the first half and nine out of 11 in the entire contest. Steve Cowan was his favorite target in the first half catching five of Robinson's aerials.

A sizeable crowd of alumni and current students saw their Wolverines hit paydirt in the first half. Robinson passed to halfback Sam Medford for 51 yards and the first score for Truckee. The conversion attempt was good as Robinson threw to fullback Buzz Trainor for a 7-0 lead.

Still not satisfied with one touchdown and who is for that matter, Robinson again found a receiver, this time half half Woody Ribal who took the pass on his own 40 and skirted 60 yards for the secon score. All totaled it was a 74-yard pass play. Medford's P.A.T. was no good and the home team led 13-0 at the intermission.

During the half Captain Robinson and Trainor of Truckee crowned Koby Kiser as the '58 homecoming queen her assistants were Judy Collins and Pat Carter.

Back in the third and fourth periods of play the Tiger defense came alive like never before this season stopping all Wolverine drives and playing the TNT passing perfect. This allowed their offense to play much of the half in Truckee territory.

Rex Donaldson and Marty Kumle weren't ones to be pushed aside by the Tigers as Donaldson was a definite threat to plays up the middle and Kumle kept the wide plays in for losses.

Next game for the Wolverines will mark the away game series starting tomorrow at Qunicy under the lights. The preliminary tilt will start at 6 p.m. followed by the varsity game at 8 p.m.

NATE SCHARFF WILL BE LOCAL SPEAKER

Deer Hunter Found After 5-Day Hike In High Mountains

TAHOE CITY — Deer hunter Claude Sowell, 30, recounted how he shot a squirrel for food during a five-day, 29-mile hike through the Sierra after he was forced to abandon his car. Sowell, a Tahoe City painter, told sheriff's deputies he was driving down a jeep trail in the rugged mountain area south of here eight days ago, on what he had planned to be a one-day deer hunting trip. A rock ripped open the oil pan of his automobile.

He explained he was too tired to hike back uphill, so headed down to the Rubicon River. He finally found another trail and followed it for 29 miles before reaching Soda Springs, Nevada County, late Saturday. Sowell said his only food was a squirrel which he shot.

Placer County sheriff's deputies had searched the mountains on foot and horseback after Sowell was reported missing October 6th, the evening he failed to return home. His car was found Thursday two miles east of Rubicon Springs, El Dorado County.

Parking Lot Offer Being Studied By Chamber Officials

The possibility of obtaining the site formerly occupied by the Southern Pacific Hotel, adjacent to the tracks and just east of the depot, as a community parking lot are bright.

N. F. Dolley, president of the Truckee Chamber of Commerce, said he had been in communication with William M. Ausseresses, land agent for the SP at San Francisco and was advised that the company would be willing to permit the use of the land as a parking lot providing the chamber would pay all expenses, including taxes. The latter item, Dolley was told, would be approximately $40 per month.

Dolley expressed the belief that the benefits gained from the use of the lot as a much needed parking area would be worth the costs involved and plans to take up the matter with the chamber directors in the near future.

In the meantime, the chamber has asked the board of supervisors to establish a two-hour limit on parking along the main street through passage of a resolution. No official action has been taken. Enforcement of the parking limit would be left in the hands of local officers.

Post Office May Take Space In New County Building

Department Interested In Enlarging Space For Local Office

Renewed interest in a proposed county building for the eastern end of Nevada County was developing this week with the suggestion that a portion of the structure could be leased to the post office department for a new Truckee post office.

John J. McMahon, regional real estate officer for the department, was here recently conferring with local officials relative to relocating the office to provide for expanded requirements. McMahon showed marked interest in the proposed county building and indicated his department would like to cooperate with the county in the venture.

No action was taken and none will be until the project has developed further. In the meantime McMahon said nothing would be done pending the return of Postmaster Elizabeth Bavier from an eastern vacation trip.

At the same time, Stan Halls, chairman of the Nevada County Building Committee, announces a meeting of that organization will be held at the supervisors' room in the courthouse at 2 p.m. today for the purpose of a general discussion of the county's building program. McMahon has been invited to attend the meeting.

The meeting will take up the offer of the Truckee Public Utility District to provide land for a county building near the Tahoe Truckee Wye and it is expected that members of the committee will also consider a verbal offer by R. Joseph to locate the building on property he owns just west of the James McIver place and adjacent to the interchange on the new freeway. Both these locations have been scanned and approved by the committee.

Another subject to be taken up will be methods of financing the building providing the green light is given by the supervisors, most of whom have given personal approval to the building plan.

Edward Burnett of Stone and Youngberg will be in attendance to discuss various ramifications of county construction financing.

McMahon said the post office department would require approximately 2500 square feet of space, plus adequate parking room, a loading platform and other facilities for the efficient conduct of the office. He said the present building is entirely too small and with the rapidly increasing growth of the community, his department is desirous of providing for future as well as current needs.

The utility district has also indicated an interest in establishing offices in the building which would be designed primarily for use of the county with a new jail, space for the sheriff's department, rooms for other county officials as well as state and federal accommodations.

Present jail facilities are far from adequate and officials point out that action must be taken in the near future to correct the sorry situation.

TAHOE TRUCKEE SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: We are happy to have Gary Stone back with us. He broke his leg and is still on crutches, but he handles them very well.

Darlene Dykstra has returned from a three week's trip and we are glad to have her back in school.

FIRST: We have 38 children in our room now. One day this week we made pictures of the school helpers in our school. Room helpers for this week are: Ben King, Kathryn Campbell, Kathy Goicoa, Chris Ellis, Patricia Stone, Ilene Hund, Gary Schumacher, Kent Mullis, Joy Frates, and Donald Miller.

SECOND: Second grade children review the story of Columbus in honor of Columbus Day. Those children getting all correct in spelling are: Danny Moran, Brian Smart, George Franceschini, Charles Anfield, Steven Kenyon, Anna Maria Collier, Kathy Decker, Curt Mullis, Curt Wurst, David Goldsmith, Joe Merica, Bruce Leamon, Joe Reichlin, Sandra Davis, Ryan Houlgaty, Jeff Jellin, and Yvonne Johnson.

THIRD: Barbara Reynolds, Jennifer O'Bear, and Michael Kydd received honor stars for not having missed a word in the spelling review tests. Kenneth Bretthauer and Judy Ingalls followed in a close run-up.

THIRD-FOURTH: Team I was the winner in kickball last week. Those on the team are: Ken Hensley, Elgin Johnston, Bill Rose, Nicky Kenyon, Augustine Costa, Pam Horman, Sue Olano and Cathy Braley.

We are sorry Linda Russell and Jack Melugin have the mumps; and hope that Pam Horman will soon be recovered from her tonsilectomy.

We hope Sue Schuler will write to us from her new home, San Diego.

FOURTH: The three weeks spelling review test revealed outstanding achievement by G. Blakely, D. Doolittle, G. Englehart, B. Holleman, L. Knauss, T. McLane, M. Moore, C. Mullis, J. Reynolds, T. Richards, C. Rockholm, D. Smith, G. L. Stewart, and G. Waters. The Collier twins, John and Charles, rate special mention for their honest attempts to improve. Karen Hedlund's bird nest and deer antlers combined with the dish made by Barbara Simmons were the week's best exhibits brought to class. Bruce King came up with the best report on the meaning of the colors of the flag. Terri Richards and Chris Foster sure "our boys" in line.

FIFTH: Mayor Betty Saarni, thet mayor, is making plans for the Halloween party.

Miss Connie "Little Dynamite" Rhodes is rapidly becoming one of the better fifth grade singers.

Doug Nelson is the leading penalty paper writer of the class.

The fifth grade football team which operates off multiple offense is rounding into shape for their proposed game with the sixth grade team. Touchdown twins "Crazy Legs" Monty Straub and John "The Jet" Besio have been impressive to date in the backfield. While in the line John "Bull Dog" Sturcke and Larry 'Wildcat' Morris have been making their presence felt.

SIXH: We are sorry to lose Karen Schumacher who left Thursday.

Marcia Leamon, Judy McGwinn, and Gary Sturcke brought articles from Mexico to show the class.

KINGS BEACH SCHOOL

A student body election was held Tuesday, October 7. SECOND: We viewed two films this week titled "Addition Is Easy" and "Let's Look at Animals."

The new girl in our room is Polly Thompson. She came to us from Oklahoma. We are happy to have her join us.

Stanley Mason is recuperating at home this week. He had the misfortune of falling and injuring his nose, while playing at home Sunday. We miss him and hope he will be well soon.

SEVENTH: The seventh grade decided to elect officers every six weeks. Our officers are: President, Harry McIntire; vice president, Lynn Staben; secretary, Lee Elliott; treasurer, Mike Knittel.

WHAT'S DOING

E. J. Bean, your Telephone Manager in Truckee-Tahoe.

When you think about national defense, you may not think of telephones right away. Fact is, though, you'll find phone lines at the heart of our defense setup. For instance, long-range bomber bases of the Strategic Air Command depend on phone lines for trigger-fast communication; and in our test centers, like the one shown above, we keep a never-ending watch on these vital communications pathways. Phone lines also keep the Air Defense Command in split-second touch with missile launching sites. Telephone men from the Pacific West have also helped build other defense communications systems. We're happy that our people can help—in these and many more ways—to keep the U.S. strong.

SQUAW VALLEY TELEPHONE CABLE JOB NEARS COMPLETION

NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

Elopement

Rosetta Bosen of Tahoe City happily surprised her friends Sunday morning with the announcement of her marriage to Reid Palmer also of Tahoe City. The marriage took place in Minden, Nev., early Sunday morning. The bride and groom will reside in Tahoe City where the groom is employed. A wedding shower has been planned by some of Rosie's friends and will be given some time this week.

Weekend Of Hunting

Sim and Mary Demming and son, Bryan, one-time residents in the area, came up for a weekend of hunting and visiting with the Clyde Wright family. While Clyde and Sim spent the weekend in the wilds after deer, Mary and Betty caught up on conversation. Although neither got their deer, all enjoyed a wonderful weekend.

Golf Tournament

Carl Bechdolt, Jr., and Angelo Bonino of the Tahoe City golf course went to Reno this weekend to compete in the big pro-amateur golf tournament. Many of the ladies of the local club also journeyed to Reno in the middle of the week to enter the invitational tournament for around two hundred women. This event was hosted by the Hidden Valley Golf Club and everyone reported a very enjoyable time.

Duck Hunting

Duck season is now open in Nevada, and many local hunters headed that direction this past weekend. Journeying to Fallon were two cousins, Ernest H. Pomin and J. Ernest Pomin. Hunting here was fairly good. Also spending a weekend duck hunting were Dick Carnell and Bob Stark who headed for Honey Lake and had just fair luck. Seems those ducks like the rainy weather rather than all the sunshine.

Building Going On

Many new homes are being constructed in the area as well as new business. Among these are the Brooks Walker, Jrs., home near the Tahoe Tavern Heights on the family estate. Also a fine new family home on the Milton estate at Sunnyside is nearing completion for the Ed Wallis' of Piedmont. The New Royal T Motel in Tahoe City opened its doors last week. Navy landing ship converted by Standard for off-shore oil search. A 55-foot drilling mast is poised over circular 10-foot-wide opening from deck through bottom.

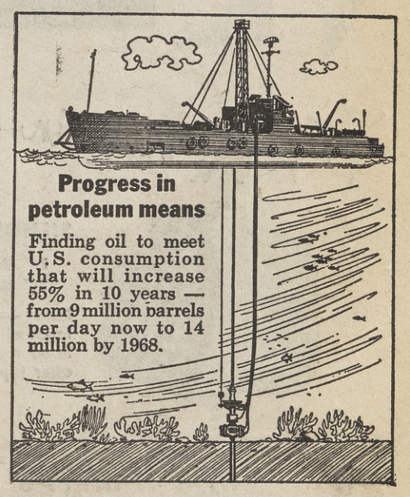
"Live" TV show 40 fathoms down guides our search for future oil reserves

With new oil becoming harder to find, our search widens. Now we're exploring the ocean floor — and new techniques are the rule. In one such venture we lowered a TV camera 250 feet below the waves to help guide the drilling of test holes from shipboard.

This is typical of the novel techniques used in our quest that last year took us to 21 states, Canada, Alaska and ten Latin American and Caribbean countries. In all, we drilled 120 exploratory wells. Although the cost ran to many millions, the successful ones helped us locate more new oil than we withdrew from the ground.

Actually, this benefits you as well as Standard. It means an adequate reserve of our most valuable national resource, to be drawn on in days ahead to provide the thousands of products from petroleum so essential for your daily needs.



Progress in petroleum means

Finding oil to meet U.S. consumption that will increase 55% in 10 years — from 9 million barrels per day now to 14 million by 1968.

STANDARD OIL COMPANY OF CALIFORNIA

plans ahead to serve you better

Hurricane winds greater than 150 miles per hour are uncommon. An average hurricane would be about 120 miles per hour just outside the eye, tapering off to 40 miles on the outer edge of the storm, according to the Navy's "Hurricane Hunters."

Said a candidate, touring the nation,
As he finished a ten-hour oration,
"I'd talk longer by far
If my throat, like my car,
Could have Union Stop-Wear Lubrication!"

Joyce Carlile, Sherman Oaks, Calif.

We point with pride to the record: Many a car is quieter, smoother-riding, because of Union Oil stations' Stop-Wear Lubrication, guaranteed for 1000 happy miles. Union forever!

When one travels around the country he becomes aware of the fact this is a nation filled with monuments. These stone and cement symbols usually mark the farthest advance of an army, an experience around which people have built their lives, or the end of a journey. Near these monuments you will always find footprints which tell you that someone was here and then moved on. Sunday Pastor Taylor will preach on the topic, "Monuments or Footprints."

TNT TIDINGS

by NANCY WATTS

The candidates for homecoming queen this year were Pat Carter, Judy Collins, and Koby Kisor. Everyone was in suspense as to the name of the queen until half-time at the Tahoe-Truckee-Douglas game. After a routine by the majorettes, flag twirler, and band, the candidates were driven around the field in a convertible. In front of the TNT bleachers, Craig Robinson crowned Koby Kisor queen, while Buzz Trainor presented her with a bouquet of roses. Craig and Buzz, by the way, are co-captains of the football team this season. The homecoming dance, given jointly by G.A.A. and the Block T, was considered a success, except for minor trouble with the phonograph. It was given after the game Saturday.

* * *

Monday, the first meeting of the Carol Ann Quilici Memorial was held at school. Shirley Taylor, Anita Diaz, Penny Hulburt, Dorothea Frey, Jo Ann Van Hooser, Nancy Williamson, Judy Vaughan, Nancy Watts, Rex Donaldson, Tim Johnson, Allan Young, Bob Williams, and Craig Robinson were there. The members of this group have planned to raise money among the students of TNT for a memorial at school for Carol Ann. Their first drive will be on October 28, at noon. The donations of all students will be thankfully received.

* * *

The Wolverines are playing at Quincy Friday night. There will be a rooters' bus and tickets are being sold at the main office for it. We want to have a tremendous rooting section at that game, so everyone buy a ticket.

* * *

The Halloween dance, sponsored by the California Scholarship Federation of TNT, will be given on October 25. Prices are 50 cents with a student body card, and 75 cents without. Called Halloween hop, the C.S.F. members are hoping it will be a lot of fun and would like everyone to attend.

Sad Passing

It is very sad to report the death of a very dear friend of ours, the passing of the father of Joby Lewis He passed on at Detroit during the past week. Mr. Lewis was well known when Joby was at the Cal-Vada Lodge and Monte Carlo Lodge, a couple of years ago. He had been quite ill for the past two years. He was a kindly man, a good husband and father. All of us that know the family extend our heartfelt sympathy.

Willing Water says—

Use Water Usefully

Waste and Extravagance in the use of water is sabotage.

V—Use all the water you need for cleanliness and for health. Drink what you need. Use what you need for cooking. Use the water you need for bathing and in the laundry—but Don't waste it.

V—Use water on your lawn or your garden wisely. Don't water-log the ground. Better to irrigate it well as the rain would do, say once a week, than to sprinkle lightly every day.

X—*Avoid* wasteful habits, such as letting the faucet run while you do something else.

X—*Don't* accumulate piles of trash in the cellar or the attic or any other place around the home. That's a fire hazard and it takes water to put out fires.

X—*Don't* let water fixtures leak—whether it be a drip or a deluge.

Waste of water is sabotage.
